

OUTDOOR TRIPS POLICY

Before taking the children on any outdoor trips a risk assessment is carried out to make sure that the children and adults are safe on the trip. The parents will be given at least 48hrs notice of a planned outdoor trip. The nursery respects parents wishes if they do not want their child/ren to take part in an outdoor trip.

Some trips are planned so that their will be a learning outcome. Some trips may require extra adult help so parents will be asked if they would like to help. This is purely voluntary and notice will always be given.
