

STUDENTS/WORK EXPERIENCE POLICY

Sunny Beach Day Nursery welcomes students and work experience pupils. Prior to accepting any student or pupil the manager insists that;

1. The school or college certifies that the pupil or student that wishes to attend work experience is particularly interested in working with young children.
2. The school or college certifies that the pupil or student is not carrying any infectious illness and does not have head lice.
3. The pupil or student visits one half day prior to work experience taking place in order to ensure that he or she is able to fit in with our work, and that we are able to work with that individual.
4. The school agrees the hours that the pupil or student attends the nursery and the pupil or student is aware of those times.
5. The school or college certifies that the pupil has not been suspended from school or college at any time.

During their placement the student/pupil will work alongside various members of the nursery team.

At the end of the week the Nursery Manager will write a confidential report on the young person and the experience they have gained which will include reference to any particular problems encountered.
